We are excited to announce the 2019 season! Bridgeport Little League (BLLM) has served the children and families of the Bridgeport and Canaryville neighborhoods for over forty years. Along with our league officials, managers, coaches, and volunteers, the league has taught the fundamentals of baseball to our children and helped them become familiar with the game and have fun playing it.

We give our players more advanced baseball opportunities. Through the years, we have added an instructional division, a T-ball division, and girls’ softball. We have also worked hard over the years to make Donovan a safe place for families to enjoy the game of baseball. The younger players play on our new outdoor renovated playground. So you can see not only our baseball players and softball league, but our soccer players as well. Please come out this summer and enjoy a game and a hot dog, hamburger or maybe some nachos!

In-person registration dates are January 16, 23, and 30 (2:00 PM - 7:30PM) and will be held at Donovan Park, 3620 S. Lituanica. Register now online at 274-7 a www.donovanball.com. Play for free if you bring in a sponsor of $400 or more, one player plays for free! One free player for every $400 or more sponsorship. Please ask your coach or any board member for a sponsorship form.

BLLM is looking for volunteer-coaches! You must pass a background check, have knowledge of the game, as well as patience! Contact Bill for more information or have questions: 773-575-3861 or donovan3bill@gmail.com.

As we continue to expand our STEM program at St. Gabriel, we are excited to announce a STEM field trip to the Challenger Learning Center in Woodstock, IL. This trip included a simulated space mission based on a real NASA mission, plus a Robotic Engineering and Digital Starlab session. Three STEM experiences all wrapped into a day of discovery and hands on learning result in a one-of-a-kind experience for our students!

The specific mission was the Expedition Mars Space Station Mission. This year, 2019, is 2170 and a human habitat has been established on Mars’ moon, Phobos. A large planet on a robotic mission. Astronauts and scientists between the base on Phobos and the human habitat has been established on Mars’ moon, Phobos. A large planet on a robotic mission. Astronauts and scientists between the base on Phobos and the human habitat have been established. The year is 2076 and a robot mission to Phobos is on its way! However you like to enjoy yours, what better day to treat yourself to some than on National Popcorn Day! Pop Up Some and Enjoy!

USPS Passport Services Still Available During Shutdown

Postal Service passport facilitators continue to provide services to customers as normal during the federal government shutdown including 5 USPS locations in Chicago. The U.S. State Department is still processing passport applications, the agency announced last week. Processing times remain 4-6 weeks for routine service and 2-3 weeks for expedited service.

Passport fees are $145 total for adults (16 years and older) and a separate payment of $15 to the Postal Service for its processing fee, and $10 payable to the Department of State for the passport application fee.) For persons under 16, the total cost is $115, which includes a $35 processing fee to the Postal Service and $80 payable to the State Department. The Postal Service also offers a passport photo service at a cost of $15. The application must be filled out if cash or check. Credit or debit cards, as well as cash or checks, may be used to cover the cost of photos and acceptance fees.

-Being in proper proof of American citizenship. This must be either a certified birth certificate issued by the city, county or state; a previous U.S. passport; a certificate of citizenship, or a current valid driver’s license, a government ID or military photo ID.

-Postal passport photograph services will be available on site for a fee of $15.

-To save time in this process, customers can download a passport application at the Department of State’s website www.travel.state.gov. All applicants must appear in person (including minors). Applicants under age 16 must appear with both parents. If one parent is not available, a notarized authorization from the absent parent is required.

The Postal Service receives no tax dollars for operating expenses and relies on the sale of postage, the Postal Service receives no tax dollars for operating expenses and relies on the sale of postage, the Postal Service receives no tax dollars for operating expenses and relies on the sale of postage, the Postal Service receives no tax dollars for operating expenses and relies on the sale of postage, the Postal Service receives no tax dollars for operating expenses and relies on the sale of postage.

THE BRIDGEPORT NEWS

Solution to this week’s puzzle on Page 3.
De La Salle proudly announces that it has received a Regional Challenge – Program Growth grant from NASA. The Regional Challenge grants are available to teams that are participating in regional competition events. The grants provide funding to cover the registration costs for the selected event.

Flexible 3 & 4 year old Pre-K program

Weekly School Mass

Foreign language, art, music and P.E.

Challenging curriculum

iPads for KG through Grade 4

One to one Chromebook program in grades 5-8

De La Salle is considered a “Rookie” team as it is entering the First Robotics Competition for the initial time. “It’s pretty cool to be selected by NASA’s Robotics Alliance Project,” De La Salle Applied Sciences and Mathematics faculty member and Robotics Club moderator Ian McNeue said. “The fact that they looked at what we are doing and planning to do and want to help us build that is awesome.”

“The grant is specifically being used for registration into the FIRST Robotics Challenge, which is pretty expensive. It will help us pay for parts as well as the competition we will be a part of next year.”

Congratulations to the students and faculty associated with the De La Salle Robotics Program on receiving this prestigious accolade!

De La Salle Receives Grant from NASA
